

CESiD Privacy Notice

Version 1.0, 2026-09-17

Name of the service	CESiD - Czech Educational and Scientific Identification
Description of the Service	CESiD carries out the authentication of users and manages and delivers their access rights and other relevant personal data to the services relying on it.
Data controller	CESNET, zájmové sdružení právnických osob (CESNET, association of legal entities) General Information on CESNET Processing and Protection of Personal Data: https://www.cesnet.cz/en/gdpr
Data controller's data protection officer	ouu-zadost@cesnet.cz
Jurisdiction and supervisory authority	CZ Czech Republic, office for personal data protection
Personal data processed	CESiD gathers contact and identifying information, such as: name; email address; membership in the groups you are affiliated to; permissions and other information that defines your authorisation to access services; external identifiers from the login service you use, provided by your identity providers (e.g. unique identifier, affiliation). List of your personal data processed can be found on your profile page. If you are not registered with a CESiD yet, you will get the information during the registration process.
Purpose of the processing of personal data	CESiD processes your personal data to identify and authenticate you as a user of the services, and to manage your access rights and other personal data for the services. Processing of this kind of personal data is necessary for the performance of the contract between you and CESiD. Your personal data is sent to a relying service based on your consent. The log files produced by the CESiD components will be used only for administrative, operational, accounting, monitoring and security purposes. Personal data of this kind are processed based on

	legitimate interest of the CESiD provider.
Third parties to whom personal data is disclosed	CESiD organizes users into so-called Virtual Organizations (VO) which may have a different personal data controller, with which CESNET always has a legal agreement and for which serves as the personal data processor. The personal data controller for each VO is specified in a VO's application form displayed before applying for joining the VO. Namely, the e-INFRA CZ VO has the joint personal data processor of CESNET, Masaryk University and VSB - Technical University of Ostrava as specified in Information on the processing of personal data in the e-INFRA CZ infrastructure. CESiD will also release your personal data to the services you are using through the CESiD authentication. CESiD may transfer your personal data to service providers based in the countries outside the EU and EEA following your explicit consent.
How to access, rectify and delete the personal data and object to its processing	Go to your account page or contact the Data Protection Officer above. To rectify the data released by your home organisation, contact your home organisation's IT helpdesk.
Data retention	Your personal data is deleted on request or if you are not a member of any Virtual Organization (VO) in CESiD for 6 months. Data retention in each Virtual Organization depends on the policy set by the VO's personal data controller. The operational logs and related information is kept independently in order to guarantee the security of the infrastructure and its optimisation, and deleted after 18 months. Details are specified in Processing of personal data at CESNET association.
